Mark asked about the $2200 Tetra Tech bill. Brent answered this. We are still working with them on water samples and plans. Remaining work should not cost more than approved main dollar amount last year. All in favor.

Month in Review
Mr. Lipp reviewed his administrative report with the trustees:

• The Yellowstone County School Track Meet took place on Friday, May 6th. Brent said Canyon Creek was well-represented and our students performed exceptionally well. Mrs. Styren also organized the field day at Canyon Creek and our younger students had a great time showing off some athletic skills. He said a big thank you to the parent volunteers.
  • 8th grade promotion will be held on June 2nd at 10:00 in the morning. Board members please feel free to join us at this event he said. If you are planning on attending, let Brent know so he can reserve a seat. The board will be onstage representing Canyon Creek School. 8th grade trip is next week. There will be the barbeque afterwards and a little reception area in the cafeteria.
  • The levy failed again for the fourth time in four years. He is disappointed by this news, but most importantly wants to thank the people that supported the levy and helped get the word out in regard to the importance and need. He believes we need to continue to communicate with our annual newsletter and work on including our taxpayers into the daily process of school. He thinks we need to focus on our student body; increasing that as that is our only source of revenue. He will be looking at other avenues. Apparently we can’t depend on it.
  • He said as we finish up the year, he would like to thank all the staff in working very hard this year at Canyon Creek and a well-deserved break is needed. Our academic scores are looking really good. He said as always he looks forward to the next school year and the positive changes that will occur over the summer. He said the board has done a great job and they also thanked him for the great job he does.
  • Brent says he’ll probably do up a cooperative agreement with Elysin with the football coop. He’ll probably have the board approve it at the June meeting. Fittings were done for uniforms last week. The head coach was a Dolphins NFL pro for nine years. He is very safety conscious, especially about the helmets. He wants to have a camp in June to get the kids familiar. The first game will be at Daylis Stadium. Brent also has information about the shed.
