ADMINISTRATIVE REPORT

*Buildings and Grounds:
The building looks awesome thanks to our maintenance staff who are really dynamic and fun. Brent took them out to lunch in appreciation. The roof is finished. There is a leak today after the rain, where one of the vent pipes is at. We have not yet signed off on it. They replaced all the gutters and tore off old roofing which was soaked underneath. The roof is designed for old construction with a very thin roof system. They worked around all that.

*Open House: Today.

*Staffing: Brent said we may be looking at hiring another para as we had another student enroll today.

*MCEL October 18 and 19th: Brent would highly recommend going to this conference. It is in Missoula.

*Activities: Brent has told everyone the fee will be $30. The fall sports meeting was today, and practice starts Monday.

*Enrollment: Brent said enrollment is up to 261 from 247 last year. Third is the only grade not split.

*Technology: Some upgrades have caused some frustrations that we are working through.

Approval of Final Budget & Trustee Report Review

Joel moved to approve the final budget and trustees reports. Jason seconded. All in favor.

Jeanne reviewed the budgets with the trustees. Our taxable valuation increased by $78,278.00 which helps with lowering mill levy requirements for our taxpayers. Also a big factor is the increased GTB being paid by the state due to the legislative increases built in. And our enrollment being higher has increased the three year average. In transportation, there is a small additional route which
increased transportation needs. Overall, district taxpayers will see a decrease in taxes.

The trustees report is documenting how the budget was spent for the 2018 school year, cash balances, and money brought in to fund that budget.

There being no further business, Joel moved to adjourn the meeting at 7:44 p.m. Jason seconded. All in favor.

The September board meeting will be September 17th, 2018.
