**ADMINISTRATIVE REPORT**

Brent talked about

*Professional Development (Learning Targets):* Brent said this was about how to organize p-scales and using that kind of verbage with them and knowing how and why. ACE put this on. This had more emphasis on the student component and how they are a part of that learning. Year-long contextual math was learned working in a group. Wit and Wisdom is the curriculum we use. Staff had said they needed more time to work on these things. He asked them what they need from him. They talked about spelling learning strategies. He said it was pretty heavy thinking today. They talked about consistency across grades K-1-2 and does it need to go into 3rd grade. They feel there needs to be a stronger handwriting component because there is so much writing in the Standards.

*MCT:* Will be here the week of January 22-26. There are right around 50 kids signed up right now. The Snow Queen is the production.

*Technology:* Demands are out-running what we have available. He purchased a new laptop cart because the old one had so many issues. He’d like to be able to fill it.

*Midterms:* Coming out tomorrow. It’s the 2nd trimester already. He went to a training with ACE on Friday about what a good assessment looks like and how to develop it, etc.
